

The Wellesley Friends Meeting Newsletter

Vol. 51, No. 7, September 2010

“We are met in a great task when we meet together in worship: no less a task than to realize the Divine Presence, and it is our part to make ready for that realization and, as far as in us lies, to create an atmosphere in which that Presence and Power can touch us into fuller life. When once we remember this, we cannot but approach the occasion with reverent humility and expectation and the desire that nothing on our part may hinder or disturb. It is something holy and wonderful we are trying to build up together – the consciousness of the presence of God with us here and the reality of communion with him”
